RECIPROCITY DAY BRINGS BIG AND APPRECIATIVE CROWD

Sierra Madre women were hosts to all Southern California clubdom on Monday on the occasion of their annual Reciprocity session. Delegates gathered from nearly every club in the Los Angeles district and from many clubs beyond the limits of the district. To say that the guests were well entertained goes without saying among those who know how the local club does things. And to say that the visitors enjoyed the session and the Sierra Madre hospitality is putting it mildly, judging by their expressions of delight. More than 200 visitors were present. Many of them came by auto, but the larger number came in the special train on the Pacific Electric. This party was met in Los Angeles by Misses Helen Morrow and Hallie Kuhn who welcomed them and accompanied them to Sierra Madre. The guests were received by Mrs. Ingraham, the president, Mrs. Osgood, and the courtesy committee, of which Miss Annis B. Coffey is chairman.

Entertainment Features

The club house was decorated for the event with golden acacia blossoms and violets. At the close of the morning session luncheon was served by the Hospitality and Ways and Means committees, under the able leadership of Mrs. William Dennison and Mrs. G. Hallett Johnson. Mrs. A. T. Gay also deserves great credit for the well arranged tables. She was assisted with the much admired decorations by Mrs. Fairbank and Mrs. Staples.

An attractive loan exhibit was an interesting feature arranged by the Art committee of which Mrs. Fairbank is chairman. It contained many beautiful pictures and fine examples of Russian handicraft from the studio of Madame de Blumenthal in Pasadena.

Following the afternoon session as many of the delegates as could remain were taken on a tour about Sierra Madre in autos provided by the Board of Trade. This proved to be a delightful feature. The advertising value of the day's events for Sierra Madre can hardly be overestimated. It was reflected in the complimentary remarks offered for the local club and for the beauties of Sierra Madre as revealed to many for the first time. It was also shown in the columns of publicity papers.

Program of Addresses

The morning session, devoted to short addresses by district officers, was opened by Mrs. Ingraham, followed by Mrs. Osgood, who voiced the welcome of the club. The district officers expressed their appreciation of the fact that the day was to be devoted to a department of federation work, Civics, and the keen interest manifested in this subject throughout the long afternoon session was gratifying.

Mrs. Willoughby Rodman who was a pioneer in the Children's Playground movement, defined "Civics" as "anything which benefits mankind," and with her subject, "The World," gave brilliant pictures of the civic beauties of the great cities visited during a recent world tour. The insistence of her audience to hear more compelled her to continue beyond her allotted time, showing her popularity as a speaker.

Mrs. Charles Farwell Edson, occupied all of her time with a serious and practical discussion of proposed legislation endorsed by the state federation of woman's clubs, measures planned to improve living and working conditions and for the better protection of the home and family. With fine courage, Mrs. Edson defended some of the popular measures, making an earnest plea that women should see

things as they are, uninfluenced by traditions in considering the "minimum wage" for women and girls, and other labor legislation.

Mrs. Andrew Stewart Lobingier, beloved for her splendid personality, was keenly satirical in her attack on the discarded prejudices against suffrage, and constructive social service work by women. The merriment aroused by the speaker's wit subsided when she devoted her remarkable eloquence to the value of citizenship. Insisting that it is a woman's nature to deal in potentialities Mrs. Lobingier laid the burden of the bettering of future conditions into which children shall be born upon the women of this generation, and particularly upon the women of California who have more Americanism, and less prejudice to overcome. Urging that no woman was fulfilling her duty as a woman who was neglecting her responsibilities as a citizen, Mrs. Lobingier closed with a remarkable tribute to the "citizenship" of Milton, the influence that crystallized in the founding of Boston and this Republic, surpassing in value to the world his greatest work as a poet, "Paradise Lost."

Mrs. Herron, district chairman of civics, closed the program with a comprehensive statement of the civic work possible to all clubs, and a special appeal for tree planting and parkway improvement in all towns. "Clean cities by 1915" is the slogan of this committee.

BUYS FINE HOTEL SITE

F. B. LEWIS MAKES IMPORTANT PURCHASE ON MOUNTAIN TRAIL AVENUE

F. B. Lewis has this week purchased three acres on the west side of Mountain Trail avenue and extending from Alegria street to Mira Monte avenue. The property faces Bella Vista Terrace on the east. It is the design of Mr. Lewis that a hotel shall be ultimately erected on the property. Architect Irving B. Gilt of San Diego who planned Bella Vista Terrace is now at work on designs for the proposed hotel building.

The tract purchased is a slightly one and on account of its location it is highly important that it shall be in hands which will insure its improvement in a manner which will at least not be detrimental to the neighborhood and the entire city. Consequently there have been numerous expressions of gratification at its acquisition by Mr. Lewis. For whether the hotel project is carried to completion or not the policy of Mr. Lewis on property already owned by him is sufficient guarantee that good use will be made of the ground.

In addition to the three acres mentioned, Mr. Lewis has also purchased the lot at the southwest corner of Mountain Trail and Alegria. This gives him control of the four corners at the intersection, as he already owned the corner lying to the south of Bella Vista Terrace.

CONGREGATIONAL SERVICES

"Being a Christian, as Concealed and Taught by Peter" will be the theme of the sermon next Sunday morning.

In the evening the subject will be "Lessons from Great Lives."

Next Tuesday evening there will be a Washington Social in the church parlors, arranged by the C. E. Society.

The topic for next Wednesday evening service is, "Peter's Message and Appeal to Me." Bring your friends. Strangers are invited to come and get acquainted.

BANQUET THIS MONTH

PLANS UNDER WAY FOR ANNUAL FEAST OF BOARD OF TRADE

Friday evening, February 28, has been selected for the fourth annual banquet of the Sierra Madre Board of Trade. The affair is in the hands of the entertainment committee consisting of C. S. Kersting, chairman, C. E. Gray and J. A. Osgood. Plans are well under way and tickets are now on sale.

The dinner will be served as usual by the ladies of the Woman's Club, which insures a menu as well prepared and as handsomely served as anything which could be obtained at the finest hotels.

The price of \$1.25 is about half what would be charged at a hotel for a similar menu. First class speakers will be obtained for the occasion and the high standard set by the enjoyable events of the past will undoubtedly be maintained.

It should be clearly understood that these banquets are not held for profit or for the particular benefit of members of the Board of Trade. Every man in Sierra Madre is urged to attend. Matters of interest to all will be discussed and there will be good fellowship which will be just as universal. Tickets should be secured early from some member of the committee or from one of the directors of the Board of Trade so that reservations can be made for the proper number of guests.

RACE DATE IS SET

ANNUAL SIERRA MADRE-MT. WILSON CLIMB PLANS ARE UNDER WAY

Sierra Madre's great annual sporting event, the Sierra Madre-Mt. Wilson race, will be held this year on Wednesday, April 30. That date has been set by the Board of Trade committee in charge after consultation with Los Angeles sporting authorities to avoid conflicting dates. J. A. Patterson has been appointed chairman of the committee on arrangements this year, a position he has held the last two years. On the committee with him are Geo. B. Morgridge and G. Hallett Johnson.

Last year eighteen men faced the starter in the race and the number of inquiries regarding the events already received indicate that an even greater number will enter this year. Paul Westerlund who won last year's event, and Pete George who finished third, have been classed as professionals since then and cannot enter. Philip Zeyouma, the Indian from Sherman Institute who came so close to Westerlund's record time, is therefore regarded as a likely contender for first place. Albert Ray, another Indian runner, is also expected to enter.

J. R. Hunt has been selected as the Los Angeles representative of the committee. He will receive entries at the Spaulding store on Spring street and entry blanks will also be placed at all the other sporting goods stores.

Last year's plan of starting the race from the business section of Sierra Madre will be followed again. The start being the only spectacular feature, this plan makes the race much more attractive to the public.

RAINS BRING QUICK RESULTS

Last week's generous downpour of rain has covered the fields with a mantle of soft green and has made all vegetation look brighter and fresher. The lack of early season rains had kept the brown tones predominant in the fields longer than usual. Consequently the change is welcome to sightseers and ranchers alike. As usual Sierra Madre received the heaviest precipitation of any city in this vicinity. And the best feature of the rainfall was the fact that the rain fell so gradually that nearly all of it was given time to soak into the ground.

HOME OF TRUTH

"The Shining Face" is the subject of the discourse to be given on Sunday, February 16, at 3:30 at the Home of Truth, 493 Auburn avenue. Harriet C. Hamor will conduct the service. Everyone is cordially invited to be present at these meetings. Sunday school at two o'clock.

Miss Edith Blumer entertained informally on Tuesday afternoon at her home with tea. Those invited were Mesdames C. W. Jones, Hawhurst, Webster, Bourne, Krebs, Rust, S. C. Collins, F. P. Conard, Burton Andrews, Jack Wright, and the Misses Florence Vagner, Webster, Dorothy Humphries and Alma Jones.

FLOWER SHOW PLANS

DATES ARE SELECTED AND COMMITTEE IS ORGANIZED FOR SPRING EVENT

With the dates selected and the executive committee formally organized plans for the third annual spring Flower Festival are being matured as rapidly as possible. This year's exhibit will be held on April 10, 11 and 12. These dates are a fortnight earlier than those of previous festivals and only eight weeks remain for preparation. Consequently the committee are desirous that all stand ready to do their share when called upon.

The committee has formally organized by the election of Mrs. W. J. Lawless to the position of chairman, which she filled so successfully last year; Mrs. W. A. Evans is secretary and L. Dietz is treasurer. Other members of the committee are Mrs. W. H. Ingraham, H. T. Fennel; C. W. Jones, Irving N. Ward and W. S. Hull.

The following sub-committee chairmen have already been appointed and others will be announced from time to time:

Housing, C. W. Jones, Mrs. Lawless, Commercial features, Mrs. Ingraham, Subscriptions, H. T. Fennel, L. Dietz, W. S. Hull.

Exhibits and streets, I. N. Ward and H. T. Fennel.

Publicity, Mrs. Lawless, Mr. Dietz. At the meeting of the committee held on Thursday morning in the club house parlors it was decided to solicit funds in advance to guarantee against loss and defray expenses by issuing a season ticket in return for each \$5 subscription, subscribers of larger amounts to receive tickets in proportion.

Festival postcards were ordered printed and placed on sale as soon as possible at 1 cent each. These bear pictures of the club house and of the poppy and delphinium in blue and gold. It is the intention to have these sent out as widely as possible so as to advertise the festival in advance. They will be placed on sale in the various stores as soon as printed.

To encourage the school children to begin at once the collection of wild flowers the sum of \$25 was set aside for prizes in the various classes of this competition. The classification will be as follows:

Class II. For Sierra Madre school children. Wild flowers, largest variety of specimens gathered before April 10. These must be pressed and turned in for classification at a date to be announced later. First prize, \$5; second, \$3.00; third, \$1.

Class III. Rarest wild flower. One prize, \$1, to be awarded by the judges April 10.

Class IV. Best herbarium of 10 or more wild flowers. First prize, \$2; second, \$1.

Class VI. Largest variety of wild flowers, one of each kind, brought to the club house in good condition Thursday afternoon, April 10. First prize, book; second, book.

Class V. Largest variety of wild flowers collected in Los Angeles county by any Sierra Madre child. First prize, \$3; second, \$2; third, \$1.

The next meeting of the executive committee will be held in the club house parlors Saturday evening at seven-thirty.

DON'T SWAT THAT FLY

There is a Better Way to Do Away With the Pest

Swatting of flies is an innocent pastime that has some good results. But the effort of keeping the swatter within reach and using it on only one fly at a time is out of proportion to the good accomplished, especially out of doors. As a matter of fact it is out of doors that the flies breed and flourish. It is there they must be fought and exterminated in wholesale quantities.

The city of Redlands is said to be practically without flies. Sierra Madre can do as well and should lose no time in tackling the job, as the fly season is rapidly approaching. The first requirement is to eliminate as far as possible all breeding places for flies. Organic filth of all kinds must be removed, buried or burned. There is little use in attempting the removal of the fly pest, even by wholesale, as long as conditions are favorable for the reproduction of the few that remain. While there is yet room for improvement, conditions are better in this respect than ever before in Sierra Madre. Hence, the present seems a favorable time to begin preparations to trap and destroy flies and preventing reproduction as far as possible.

After considerable investigation Dr. Betts has concluded that the best fly catcher made is the one which was largely used in ridding Redlands of the pest. It is a square cage with substantial wooden frame and covered with screen wire. The flies enter from the bottom through a number of cones. Escape is impossible and the flies can be destroyed when enough have accumulated. They are known as "The Multi-Kone Fly-Catcher." The traps should be placed out of doors wherever flies are found in numbers. About store buildings and in backyards of private homes they are especially desirable.

In an effort to secure some concerted effort Dr. Betts has made a little canvass and secured orders for a dozen or more traps from home owners. She has not the time to pursue the work and this appeal is made in the hope that more orders can be secured.

The price of the traps will be from \$1.10 to \$1.25, according to the number of orders secured. The price of \$1.10 is available for one week only and is conditional upon at least three dozen being ordered. Money for the traps can be left at the First National Bank and Cashier Nuetzel will hold it there until the traps have been received in Sierra Madre. To secure the lowest price the orders and money should be placed at once. Let Sierra Madre become known as a fly-less town!

DELIGHTFUL TRAVEL LECTURE

The Sierra Madre public were given an unusual opportunity for entertainment and instruction when on last Friday evening, Mr. E. J. Webster, a new and valued citizen, reproduced by aid of the stereopticon a most remarkable series of pictures. In spite of the downpour of rain a large audience gathered in the club house, showing their appreciation by close attention to Mr. Webster's descriptive remarks. It is to be hoped that Mr. Webster will be willing to show more of his wonderful pictures at some future time, and without doubt the seating capacity of the club house will be taxed when this next opportunity comes.

MEMBERSHIP OF BOARD TAKES JUMP

Seventeen membership applications were received at the monthly meeting of the Board of Trade Monday evening. This is believed to be the record for number of new members admitted at one time. The size of the list is due chiefly to the activity of Secretary Ballou and President Tarr. Mr. Ballou has been buttonholing every man within reach and with Mr. Tarr has canvassed the Sierra Madre Villa territory as belonging really to Sierra Madre. The list of new members accepted at the meeting is as follows:

Stone Brothers, Justus Kraft, Pasadena Ice Co., D. J. Millard, W. J. Saunders, Arthur Johnson, Jr., Henry T. Fennel, J. P. Vosburg, F. R. Kellogg, F. J. Hart, G. H. Woodruff, Jr., P. W. Schwartz, Dr. Harry W. Forbes, Dr. Charles H. Spencer, C. H. Brown, Fred M. Wilcox, C. W. Brunson. These new names bring the number of members in good standing to ninety-three. That the roll should contain a hundred or more names goes without saying and as a result of the enthusiasm aroused by the accessions Monday evening it is probable that the campaign will gather enough momentum to carry the number well above that point.

It was decided to hold the annual banquet on Friday evening, February 28. Further details are given in another column of this paper.

Advisability of outside advertising was discussed. This being the time when the largest number of visitors are in Southern California, it was thought advisable to get busy at once. Display advertising in the daily papers being too expensive for the means at the disposal of the Board, it was decided to spend \$25 monthly in the classified sections for the next three months.

With the approach of the time for the annual Sierra Madre-Mt. Wilson race, the question of continuing the contests for the Richard K. Fox medal was discussed. All expressions of opinion were favorable on account of the advertising received and it was voted to place the event in the hands of a committee of three as in the past. President Tarr appointed J. A. Patterson as chairman of the committee. The sum of \$25 was placed at the disposal of the committee to defray preliminary expenses.

Removal of the big sanitarium sign from the building at the corner of Lima and Central was proposed and advocated strongly by several members to whom it had long been an eye sore. The sign has since disappeared.

NEW FOREST SIGNALS

USE OF HELIOGRAPH WILL BE EXTENDED IN GOVERNMENT SERVICE

Last summer the United States Forest Service made a thorough field test of the heliograph in fire protection on the California National Forest. Supervisor Godwin has just submitted his report, which may lead to the adoption of the heliograph on an extensive scale on the national forests of the state.

The report states that the heliograph is of special value to forest officers for communicating with lookout stations in the inaccessible back ranges where the telephone is not yet operating. In these stretches of "back country" where lightning fires are frequent, it may be years before a telephone line can be run to some of the more distant patrol stations.

The forest service is constantly improving forest protection plans, and it is believed that the heliograph will play an important part in the prevention of disastrous forest fires—at least until the funds available to complete the system of telephone lines. Smoke does not interfere with the sending and recording of flash messages to any great extent, and in this state there is no trouble from clouds in the fire season. Messages were read without the aid of a field-glass for a distance of twenty miles in an air line.

The instrument used consists of a reflector, or series of reflectors, in front of which is a shutter working somewhat after the fashion of the shutter on an ordinary kodak; the whole apparatus being mounted on a metal tripod which will telescope into small space. The reflectors are so adjusted as to aim the sun's rays by means of hair line sights exactly at the ranger who receives the message. The sender interrupts these rays by means of a lever, which operates the shutter, making a series of long and short flashes which correspond to the dots and dashes of the Morse telegraph code. Heliographs are also supplied with lights for use at night.

EPISCOPAL SERVICES

Church of the Ascension, the Rev. Dr. George H. Cornell, Rector. Second Sunday in Lent. Holy Communion, 7:30 a.m.; Sunday school, 9:45 a.m.; morning prayer and sermon, 11 a.m.; subject of sermon "The Way of Calvary—Gethsemane." On Wednesday evening at 7:30 Rev. W. H. Wotton, Rector of St. James Church, South Pasadena, will speak. Friday at 4:30 p.m., Litany and address. All are cordially invited.

Miss Hazel Hill entertained the Modern Priscillas on Thursday afternoon at her home, the affair being very much in keeping with St. Valentine's Day. Decorations of acacia and violets were used and a valentine game was enjoyed, pretty favors being given to the victors. Refreshments were served which also carried out the valentine idea. About thirty-five were present to enjoy a most pleasant afternoon.

The Dickens Club were charmingly entertained this week at the home of Mrs. C. C. Montgomery's mother, Mrs. Martin, who resides on El Molino avenue, South Pasadena. A pleasant feature of the afternoon was the presentation of a valentine gift to Mrs. A. S. Moore, a member of the club, who leaves shortly to make her home at Balboa. A goodly number were present and dainty refreshments were served.

Valentine decorations of red were very prettily used in the home of Mr. and Mrs. F. H. Hartman on Monday evening when they entertained with a birthday party in honor of their daughter, Miss Vera Hartman. A beautiful birthday cake in the shape of a red heart was used to decorate the dining room table and red hearts were also used as favors. Games suitable to the occasion were played during the evening and very dainty refreshments were served. Those present were the Misses Rosenthal, Caley, Elizabeth Krebs, Bae Farman, Virginia Jones, Mildred Rasmussen, Florence Rasmussen, Margaret Allen, Gertrude Elser, Elsie Elser, Vera Berryhill, Lucile Whitworth, Lucile Wallace, Florence Whittier, Irene Coapman, Louise Pearson, and Miss Frost of Pasadena.

Postcards at the News Printery

Handsome line of post cards ever brought to Sierra Madre—at the News Printery.

People who once use News liners are apt to keep it up. That is because they find it pays.

After February 2 Mrs. A. L. Pearson will serve meals at her home, 43 N. Windsor Lane. Home cooking a special feature. Satisfaction guaranteed. Prices reasonable. 21

Will sell at auction 10 days from this date a black horse, saddle and bridle, being sold for \$65 feed bill. At Chantry's, 180 N. Mountain Trail avenue, Sierra Madre, January 31.

Sierra Madre Building and Investment stock is one of the most desirable offerings to be found. It will bear investigation. 18

To Relieve The Monotony

CHANGE the manner of cooking—not the menu. Do not take a trip to regain that waning interest in meal matters. Try table cooking. It adds zest to the plainest fare.

Use the Westinghouse Electric Toaster-Stove. Thousands of dainty, appetizing meals are prepared on it every day. Its little stove that keeps you out of the hot kitchen.

One top for toasting—another for cooking. Famous Westinghouse heating element with the Westinghouse guarantee.

THE FUMIGATED BAND

(This bit of verse has gone the rounds till it has lost its owner's name, but it is worth reproducing.)

An Antiseptic Baby and a Prophylactic Pup

Were playing in a garden when a Bun-ny gamboled up.

They looked upon the creature with a loathing undisguised.

For he wasn't disinfected, and he wasn't Pasteurized.

They said he was a Microbe and a Hot-bed of Disease.

They steamed him in a vapor bath of a thousand odd degrees.

They froze him in a freezer that was cold as banished hope.

They scrubbed him with permanganate and carbonated soap.

With sulphuretted hydrogen they bathed his wiggy ears.

They clipped his frisky whiskers with a pair of hard-boiled shears.

They donned their rubber mittens when they took him by the hand.

And elected him a member to the Fumigated Band.

Nowadays there are no microbes in that garden where they play.

For they bathe in pure formaldehyde a dozen times a day.

They take their daily rations from a hygienic cup.

The Baby, and the Bun-ny and the Prophylactic Pup.

WOMAN'S CLUB NOTES

The Ways and Means Committee is busy with plans for the Colonial Dance to be given Friday evening, February 21. There will be tables for progressive "500," and refreshments will be served.

The hostesses will wear Colonial costume and powdered hair and the fascinating patch will be in order, but the men will not be expected to depart from their usual style of dress.

The Civics chairman, Dr. Betts, urges everyone to look after our parkways. Remove the weeds from about the poppies already growing, transplant poppy plants where possible, and plant nasturtiums to grow over the unsightly banks of which our city has so many.

Miss Woodward, of the Book Committee, has called a meeting for Tuesday morning at 10 o'clock at the club house.

The Art Committee announces that the Alliot lectures will be discontinued, but that Dr. Alliot will be heard later at afternoon or evening programs when a larger number may enjoy his remarkable picturing of Art, History and Civics.

Better be Safe than Sorry—

When you are placing your money satisfy yourself in advance that your investment is safe. Don't throw it away on unsound stocks just because you are offered fancy returns at once. It is better to be satisfied with a reasonable return and ample assurance of safety.

When you invest in Sierra Madre Building and Investment Corporation stock we want you to feel that assurance. We invite thorough investigation because we know we can satisfy any reasonable person on that point.

Ask all the questions you like—we will be glad to tell you how much stock is outstanding, just what are the property holdings of the Corporation, their actual value, the present income from the property and the proposed improve-

ments. We will be glad to inform you regarding the options held by the Corporation and the known possibilities of income from that source. We will be glad to explain how you will be furnished with an **absolutely binding guarantee of 7% dividends** for two years from the date of your subscription. Other details regarding the Corporation will be supplied at your request. We believe that absolute frankness on our part will be the most convincing to you of the merits of this stock for investment.

The promptly favorable reception of this Corporation has aroused in some quarters criticism of the sort which accompanies any successful enterprise. If you are given any derogatory advice find out how much the critic actually knows of the details above mentioned. That will enable you in a measure to determine whether he is sincere or merely a jealous knocker.

MOTION PICTURE PLAYS

During the motion pictures at the club house on Saturday, February 15, Miss Dorothy Mitchell will play the following piano selections: Cantata from the opera, "Marguerita"; selection from "Il Trovatore"; "Venetian Love Song."

On Thursday, February 20, afternoon and evening, will be given a two reel play entitled, "Auld Lang Syne," with two other films. Violin and piano selections will be rendered by Misses Maybelle Caley and Ethel Powell as follows: "On the Navajo," "Cavaliere Rusticana," "Moonlight in the Jungle," "The Trolley Car Swing," "Loin du Ball," "On Moonlight Bay," "When You're Away," "I Like Your Bonnet and Your Little Quaker Gown," Sextet from "Lucia di Lammermoor," "La Paloma."

In providing the motion picture plays it is the desire of the Woman's Club to provide an hour of pleasure and relaxation which may be enjoyed after the day's labor without the necessity of going to the city, especially for the children. Grown people should not consider them as dress affairs. If people will accept the enterprise in the spirit in which it is offered a larger attendance and more adequate returns may result.

At a Christmas masquerade ball a squad of young sentries stood guard out in the cold. As the ball progressed, the conduct of a certain guest disguised as a Santa Claus astonished and perplexed everybody. This Santa Claus would dance with the prettiest women for fifteen or twenty minutes, and then, hurrying to the buffet, he would drink a bottle of champagne and eat lobster salad, ices, caviar sandwiches, truffled turkey—everything in sight. The host, after several hours of such gluttonous and intemperate conduct on the part of the Santa Claus guest, conferred with his butler, and to his amazement learned that the offender had, by actual computation, devoured forty sandwiches, sixty ices and eight quarts of lobster salad, while he had drunk thirty-one bottles of champagne and ninety glasses of punch. It seemed incredible! Yet there he was, as vigorous and fresh and sober as ever, now whispering compliments in a pretty matron's ear, now rushing to the buffet for more wine and more lobster. Puzzled and vexed, the host took Santa Claus by the arm and led him into a recess. "Show me your invitation card," he said. But Santa Claus, alas! had none. "Then unmask!" Dolefully the spurious guest obeyed. "Why, you're one of the sentries!" "Yes, sir." He was, indeed, one of the sentries—one of the

squad of sentries stationed outside in the cold. These young men had hired a cheap Santa Claus make-up, and, donning it one by one, had each enjoyed a brief but delightful share of the Christmas festivities—the dancing and lobster and champagne in the ballroom.—EX.
